

**Amendments to the Claims**

This listing of claims will replace all prior versions, and listings, of claims in the application:

**Listing of the Claims**

1. – 4. (cancelled)
5. (previously presented) A blinder having a myopia therapy appliance installed thereon, the blinder comprising a concave opaque cover connected to an elastic strap, and the myopia therapy appliance detachably installed on the cover, the myopia therapy appliance comprising a suction head having a concave interior of a configuration to cooperatively engage a person's eye and having an inner opening which communicates with a cavity of a handle that is aligned with and extends from the suction head such that the handle is engaged to apply pushing and pulling forces to the suction head when the suction head is in engagement with an eye, an outer end of the suction head defining a round flat opening to rest over the eye, and a blowhole through a sidewall of the handle.
6. (previously presented) The blinder having a myopia therapy appliance installed thereon of claim 5, wherein the outer end of the suction head is in a configuration of an intrados.
7. (previously presented) The blinder having a myopia therapy appliance installed thereon of claim 5, the suction head is more than 8mm in depth.
8. (previously presented) The blinder having a myopia therapy appliance installed thereon of claim 7, wherein a diameter of the outer end of the suction head is between 15mm and 30mm.
9. (previously presented) The blinder having a myopia therapy appliance installed thereon of claim 5, wherein a diameter of the outer end of the suction head is between 15mm and 30mm.

10. ( previously presented) The blinder having a myopia therapy appliance installed thereon of claim 6, wherein a diameter of the outer end of the suction head is between 15mm and 30mm.

11. (previously presented) The blinder having a myopia therapy appliance installed thereon of claim 6, wherein the suction head is more than 8mm in depth.

12. – 14. (cancelled)
